

Safe City Map Marshall Town

World Cup Champions of Safety

I am precious!

I keep myself safe because I am **MORE PRECIOUS THAN GOLD!**
NOBODY has the right to harm me or to make me feel bad in any way.
I am a champion of my own safety!

I keep safe on the streets

I never take short cuts through alleys or passages.
I stay on streets where I can see lots of people and people can see me.
I try not to play or walk around the streets alone. I **STICK WITH MY FRIENDS**. If I am with a friend, we can help each other if we run into trouble.

My safety is more important than money

I know that just because someone is offering me money, or food, it doesn't mean I should go with that person.
I don't take money from people I don't know. I only trust **SAFE ADULTS**.

Who are SAFE ADULTS?

SAFE ADULTS are people you **KNOW WELL** and **FEEL SAFE WITH**.
SAFE ADULTS work at the places and organisations on the **SAFE CITY MAP**.
I **NEVER, EVER** get into the car of an adult I don't know.

Safe ways

I know that if I am in trouble, or if someone makes me feel bad or scared, I **SHOUT** and **RUN**. It's better to do that than to try to hide. If someone I don't know wants me to get into their car, or wants me to do anything that I don't feel is safe, I will **SHOUT "NO"**, and **RUN** to a **SAFE PLACE**, where there are **SAFE ADULTS**, and **TELL A SAFE ADULT** about what happened!

I don't keep secrets. **SECRETS AREN'T SAFE**. Especially secrets that feel bad when you're keeping them.
Secrets can be dangerous. It's important to share your worries with a **SAFE ADULT**. You are not bad if you do that!
You're responsible! You're a **CHAMPION!**

How to Use the Map

The SAFE CITY MAP shows you how the city looks from above, as a bird sees it. Explore the map, and see how it all fits together.

If you look carefully, you will see the names of streets you recognise, and find other places you know, like parks and libraries. You may even be able to find your own home.

Take some time to get to know the map. Keep it with you and use it to find your way around.

You can find SAFE PLACES with this sign . These are places where you can find fun things for kids to do, and also places to go for help, if you need it.

Where you see this sign  that means there's a hospital.

This is a police station: 

And this is a library: 

Look at the SAFE PLACES list down below and match the number on the yellow tree to the number next to the name.

If you want to know more about these SAFE PLACES, look on the other side of the map, where you can learn what the SAFE PLACES are all about.

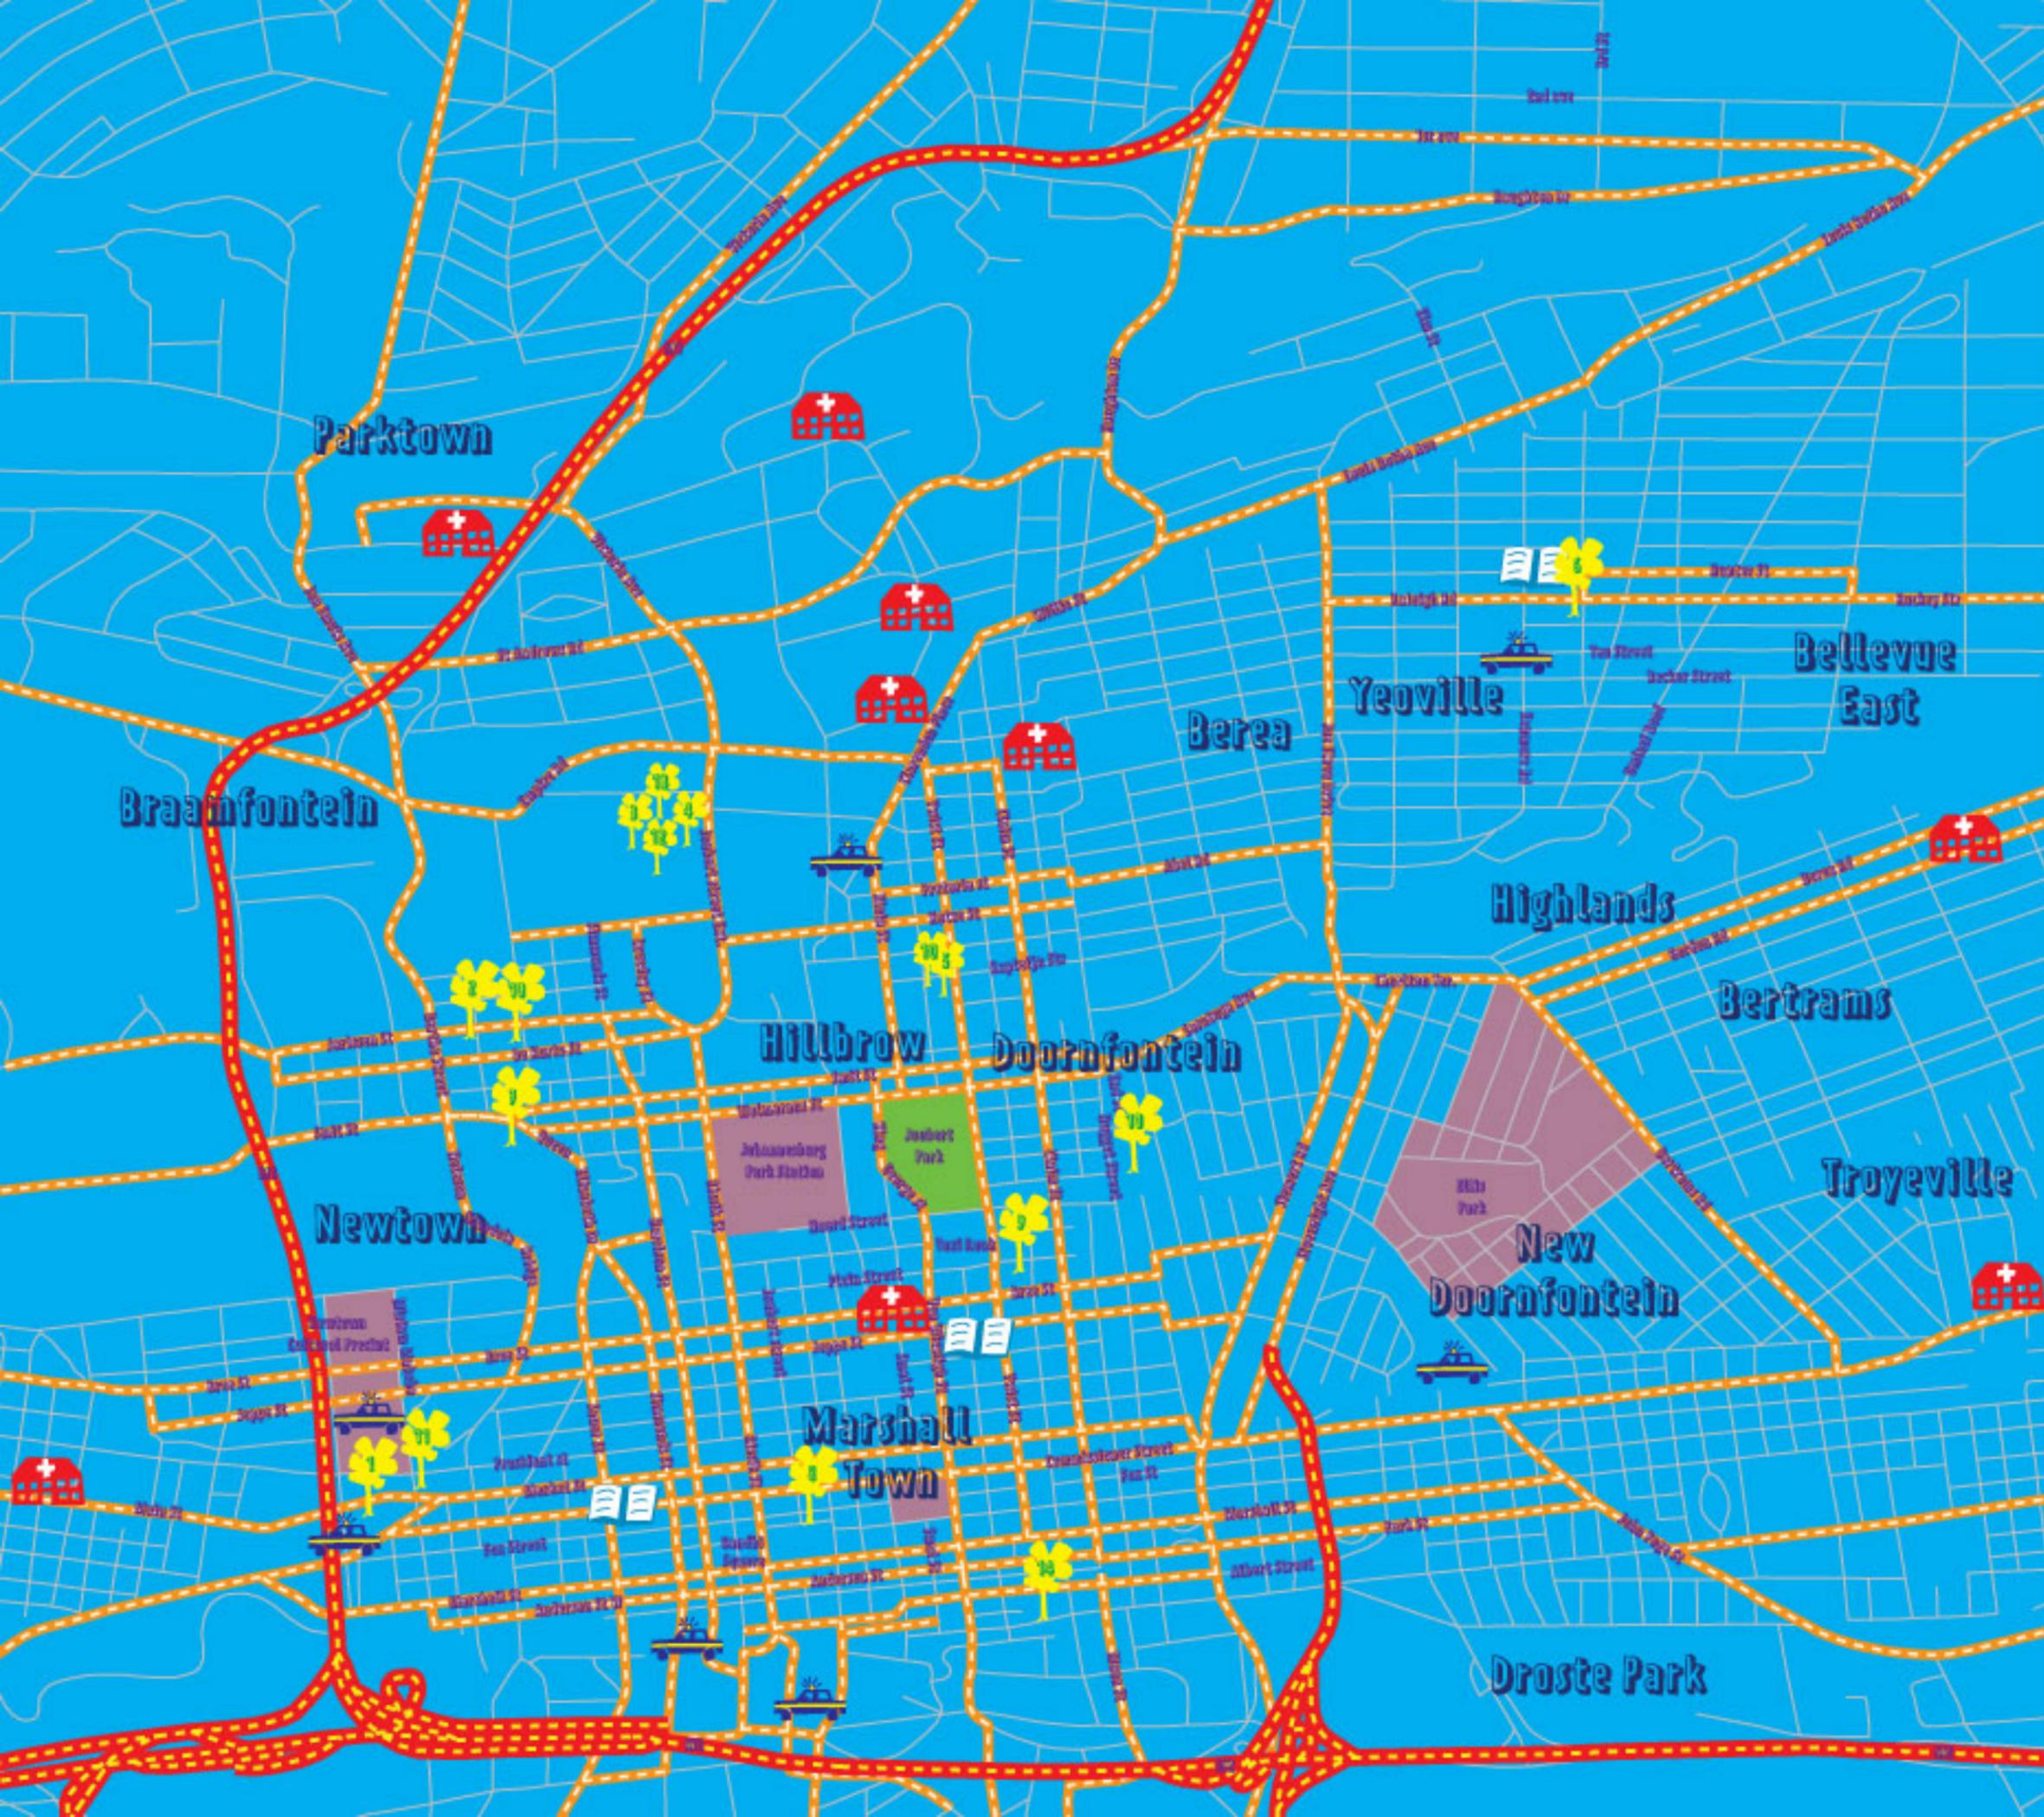

And in the section called SAFE STUFF, you can see what fun stuff is happening during the World Cup.

Are the SAFE PLACES close to a street you know? Are they near your home? How could you get there? You can use the map to figure it out.

Enjoy getting to know the map!

Safe Places

1. Artist Proof Studio
2. Centre for the Study of Violence and Reconciliation, Trauma Clinic
3. Childline
4. Gontang Children's Rights Committee
5. Hillbrow Theatre Project
6. Hotel Yeoville
7. Khaya Bethambo
8. Johannesburg Child Welfare
9. Khehathal Library
10. Metro Evangelical Services
11. Sci-Bono Discovery Centre
12. The Teddy Bear Clinic
13. The Toy Library
14. Umliso Shelter

Hello you! Yes you!

It's finally time for the Soccer World Cup. Jozi is full of flags and posters and visitors and lots of police. It's an exciting time because many unusual things are happening, but it's also a time for young people to be extra careful. This month you really need to look out for your own safety and the safety of your friends.

That's where the SAFE CITY MAP comes in.

It has been made just for you, to show you places in the city that we call SAFE PLACES.

What are safe places?

There are different kinds of SAFE PLACES. Some are police stations, where you should go if you see anything strange, or if anybody talks to you or acts towards you in a way that you don't like. Some are hospitals, where you can go if you are hurt or feel sick.

Other SAFE PLACES are places where people are working, in different ways, to help make Jozi a happier, safer place for its young people. Some of these places are shelters, some are libraries, some are offices where people work to help kids in different ways.

Schools are closed and you may be wondering what to do for the whole month that the World Cup is on. This map will also tell you about events that are happening at different places and times, and show you where they are in the city.

There are also phone numbers and addresses in the SAFE STUFF section. You can phone the SAFE PLACES to find out more about what they do.

Use this map with your friends. Show it to your brothers and sisters. Show your parents or the person who looks after you. Have fun using it together!

Who made this map? And why?

Well, we are a group of people from two non-profit organisations called One Voice Mobilisation and Keleketla! Library. We thought it would be a cool idea to build a map to help make the city safer for kids during the World Cup and we wanted to get all these wonderful organisations and SAFE PLACES together. We think that together, we are stronger!

Also, Keleketla! Library is a library and community art centre especially for kids. You can find us on the map.

Now what about after the World Cup?

This project is not going to stop after the World Cup. In fact, we hope that it is going to grow, and we plan to make more SAFE CITY MAPS, with more organisations on them, more things to do, and in different languages, so that they become better and more helpful to young people.

The SAFE CITY MAP project was made possible with help from the following organisations and individuals:

- The Centre for the Study of Violence and Reconciliation
- Ruben Abels
- Lynne Cawood from Childline
- Saie Sinclair

Basic map supplied by The Compass Project
Map design: www.designarbeid.nl

Thanks to all the organisations that appear on this map. If you would like your organisation to appear on future editions of the SAFE CITY MAP, please let us know. Contact: onevoicemobilisation@gmail.com
